

CONTEMPO

Clearly & simply
built strong.

CLEAR, see-through security

SIMPLE, contemporary design

BUILT STRONG for
high-security applications

When security matters, there's Contempo, **designed to meet the toughest security challenges.**

Difficult to climb or penetrate, made to last and competitively priced, Contempo's **4-gauge vertical and double-1-gauge horizontal steel** make this fence an **exceptional security solution for even the highest levels of security**, including multi-level and slope installations.

- Communities

PANEL

Designs	Height	Length	Tolerance	Opening
	in	in	in	in
Heavy Duty	48 7/16	98 11/16	./- 0.12	2 x 8
	72 1/16	98 11/16	./- 0.12	2 x 8
	95 11/16	98 11/16	./- 0.12	2 x 8

Note: Contempo Panels may also be used with Classic Posts and Brackets. This is especially useful if the project has any uneven grade. Post foundation varies according to local building codes.

VERTICAL WIRE

Designs	Breaking Load	Gauge		Zinc Coating
	psi	cal.	mm	oz/ft ²
Heavy Duty	75K - 105K	4	6	0.30

DOUBLE HORIZONTAL WIRE

Designs	Breaking Load	Gauge		Zinc Coating
	psi	cal.	mm	oz/ft ²
Heavy Duty	75K - 105K	1	8	0.30

Posts are available in 3" square, 11 gauge, in lengths of 6', 8' and 11' and some posts are available with an angled extension

Contempo panels may be used with Classic Posts & Brackets. This is especially useful if the project has any uneven grade. Post foundation varies according to local building codes.

Post lengths are for single-height panel installations. When stacking panels for increased fence height, post size will need to be adjusted accordingly.
