

FORTE

Clearly tough
& secure.

CLEAR see-through security

TOUGH virtually impossible
to penetrate or climb

SECURE enough for the
highest levels of protection

Go ahead. Compare Forte with other high-security fencing. You'll find **Forte delivers on every point.**

When you need it strong, virtually impenetrable, made to last and competitively priced, choose Forte's **steel flat or v-braced panels, with optional cross bars and reinforcing brackets for maximum security**, including multi-level and slope installations.

LEED Certified | Non-toxic Powder Coating | 25-year Limited Warranty

Security Rating: MAXIMUM

PANEL

Design	Height	Length	Gauge	Post Height
	in	in	cal.	in
With V-Brace	76 3/4	99 3/16	8	106 5/16
	96 7/8	99 3/16	8	126
Flat	79 3/16	99 3/16	8	106 5/6
	99 1/16	99 3/16	8	126
	118 11/16	99 3/16	8	146
	142 1/4	99 3/16	8	170

Wire Breaking Load	Opening	
psi	in	cm
70,000 – 90,000	1/2 X 3	7.62 x 1.27

Note: Forte Flat Panels are extremely strong, anti-climb and anti-cut. However, due to the nature of the Forte Flat Panel and the fact they do not have any built-in lateral support to prevent the Panel from bowing or flexing, it is recommended to install horizontal cross bars between the vertical posts of each panel. Two cross bars per panel are the minimum required, however three cross bars are recommended (top, middle, bottom). The panel should be secured to the crossbars using a minimum of three equally spaced Universal Brackets and self-taping screws. Please see your Distributor for additional details.
